SkinScripton: Transfirme™ T-Lift Face Renovator

A SkinScripton favourite, this treatment combines chemical and medical techniques to produce immediate lifting and firming results. The Lift Firming Renovator combines thermal heat via the 'Transfirme' Technique to increase microcirculation, stimulate collagen production and contraction to lift tired muscles back into their youthful position.

Clients witness a lift in the brow and cheek areas, providing the ultimate thermal jowl lift. Highly recommended for both men and women.

May be purchased as a single treatment or a course.

ALL SKIN TYPES

SkinScription: Rejuvenation

This intense formulation invigorates skin with the use of a gentle fruit acid with active papaya and grapefruit extracts to exfoliate the skin and restores a youthful glow without visible irritation.

This treatment begins with a microdermabrasion, enzymatic exfoliation and application of the peel. The result a firm, even skin tone.

SkinScription: Cellulite Reduction

Cellulite affects about 85% to 90% of females of all races.

Though it is not a disease, the tissue is a cosmetic concern to many individuals. Poor circulation of lymph and fluid retention contributes to cellulite formation and this may explain why it is present in some women who are not overweight.

We can treat cellulite with **G5, acupuncture** or medically utilising the **Transfirme™** technique.

Acupuncture.

Acupuncture helps in mobilising tight fat pockets which form cellulite. It is also known to impure the metabolic functions of different cells in the body. This helps in detoxification of the body through the kidneys which provides a smoother, firmer area that is free from cellulite.

Acupuncture is a form of specialised therapy without any side effects, but it must be delivered by a suitably qualified practitioner. Acupuncture may be a good alternative to cellulite treatment in those who choose a less invasive method of treatment.

Acupuncture treatments are detailed in our [Conventional & Complimentary Medicine brochure](#)

SpaScription: G5 - Slimming Essentials

G5 is a slimming treatment that uses specialised deep massage machines to stimulate energy points improving circulation, adipose (fat) disposition and detoxification.

The acceleration of lymph drainage detoxification and purification accelerates slimming, toning and tightening the body at the same time.

Key benefits of G5:

- 1) Removal of orange peel effect of cellulite
- 2) Reducing wrinkles and cellulite
- 3) Reduces water retention and accelerates metabolism, providing a firmer, more radiant looking body.

SkinScription: Liposound

This treatment is designed for those who are completing a weight loss programme or who have stubborn areas of abdominal fat which seem impossible to reduce with diet and exercise alone. This noninvasive ultrasonic treatment reduces fat cells and circumference.

Lose inches without diet, exercise or surgery.

Course of 12 treatments required (6 week period)

SkinScription: Thermage

Safe and painless, this progressive laser turns back the clock and is essentially a "non-surgical facelift". Thermage safely uses infrared light to tighten and add volume to the skin by gently heating the inner layers, causing collagen contraction and production. It is especially effective in reducing smile lines, lifting the brow and eyelids whilst tightening the neck and jaw line.

Results can be incredibly positive and continue to improve for up to six months post-treatment. A single treatment is recommended with a follow up at six months.

ANTI-AGING

SkinScription: Skin Tightening

The Transfirme Technique - improves cellulite, tightens skin and improves the contours of the body. This unique, multi-layered medical heat therapy delivers therapeutic heat into the deep tissues... producing tightening, smoothing, firming and lifting results.

This breakthrough procedure reshapes the body and face whilst reducing stubborn fat by simultaneously tightening, firming and recontouring. The areas which can be treated include: **abdomen, hips, buttocks, thighs, knees, upper arms, back and other areas of fat deposits.**

It is also very effective in minor tummy tucks, body lifts and facial lifting.

Consultations

We are dedicated to helping clients achieve their goals. If you would like to have a consultation before choosing a service, you may book a consultation for a £100 fee. This fee however, is applied to any future service or product of your choice!

Scheduling

Appointments are preferred, but not always necessary. If we have available Health Experts, we will be happy to provide your desired treatment. Most procedures however, are booked several weeks in advance.

Arrival

Check in at reception at least 15 minutes prior to your scheduled appointment to prepare for your treatment. As we are a medical skin spa, we require that all new clients fill out skin-care history information and treatment consent forms. For your convenience, you can now download the new-client paperwork from our website.

Late Arrivals

Our scheduling is designed to permit the correct amount of time to complete your service. A late arrival will deprive you of precious treatment time. In fairness to others, your treatment must end on time so the other clients' sessions can begin on time. If you are not able to be on time, we will do our best to complete as much of your treatment as possible; however, with some treatments, it may be necessary to reschedule your appointment. If you are 20+ minutes late for your scheduled facial, you will be considered a "no-show" and charged for 100% of your service fee. For all other scheduled treatments, if you are 5+ minutes late, you will be considered a "no-show" and charged at 100% of your service price.

Cancellations

Your scheduled appointment is reserved exclusively for you. Should you need to cancel or reschedule your appointment, please notify us 24 hours in advance to avoid a charge for 50% of treatment scheduled. All services cancelled or rescheduled the day of appointment will be charged at 100% of service price.

Standard Reservation Policy

A credit card number or gift certificate number is required to secure all appointments.

Product Returns

Your satisfaction is paramount. If you are not satisfied with one of our products, please return it together with your receipt within two weeks of the purchase. We will gladly exchange the full value of the returned product for a product or products more suited to your desired result. If you do not wish to have a product exchange, we would be happy to give you a credit toward one of our services, or a refund credited back to you in the same method of payment used for purchase.

Added Comfort

With any of our medically based treatments, a topical anesthetic cream is available and can be applied 15 minutes before your treatment. You may order your cream when you schedule your appointment.

Payment

Tracey Bell accepts cash, Visa, MasterCard, Discover and American Express. We also have custom financing packages available for several of our series of treatments. We no longer accept cheques.

Gratuities

Gratuities are at your discretion and are not included in any service or package.

Valuables

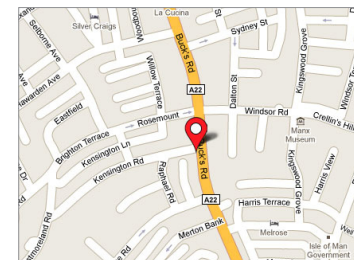

We are not responsible for lost or stolen items, and encourage you to leave valuables at home.

Gift Vouchers

Tracey Bell gift vouchers are available for a variety of treatment and are valid for one year from date of issue. Please enquire at reception for suggestions or more information.
